2009.01.29 -30, Norway, Oslo
Oslo Regional Meet
Event information

The Nordic ARM Regional Meet is coming soon. The meeting will be held under the patronage of Nordic ARM, organized with help of Norner Innovation.

The event will take place on the 29th and 30th January 2009. This time the meeting will be held in the capital of Norway, Oslo. For your convenience the conference will be organized in Radisson SAS Airport Hotel, which is situated close to the Oslo's Gardermoen International Airport. From this hotel it is easy to get to the marvelous Oslo city center.

First day of the meeting will be dedicated to theoretical seminars and discussion. Main theme of this meeting will be focused on "Innovation with new materials for rotomoulding", which is currently of crucial importance to the rotomoulding industry. During the second day of the event participants will have the possibility to hear commercial presentations from member companies and a presentation from the Director of Nordic ARM. All the seminars will be presented in English. Please see program details available on the website.

Place of the Oslo Regional Meet:

Radisson SAS Airport Hotel
Hotellvegen, P.O.Box 163
N -2061 Gardermoen
tel. +47 63 93 30 00
fax + 47 63 93 30 31
www.Gardermoen.RadissonSAS.Com

Please note, that association will not book the hotel rooms for participants. Participants are asked to book three rooms individually in any hotel they would like to stay.

PARTICIPATION FEE:

Members: 220 EUR

Non-Members: 270 EUR

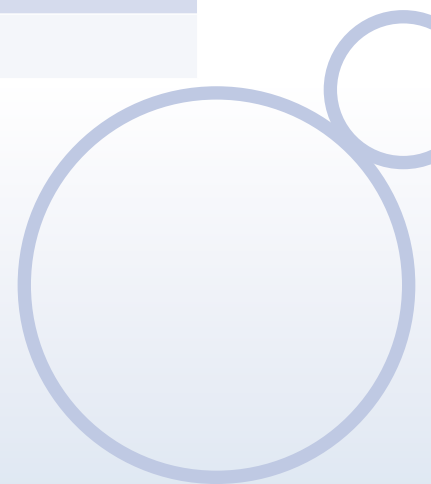

Please note that we respect the membership of other rotomoulding associations.

Program Outline

DAY 1 – 29.01.2009	
11:30 – 12:30	Registration desk open
12:30 – 14:15	Innovation with new materials for rotomoulding Seminar presented by Sven Arve Halvorsen (Norner Innovation) The presentation will be an introduction of new materials for Rotational Moulding. The rotational moulding industry has the potential of entering new and demanding segments with these materials, which will increase the value for the moulders and end-users. Norner innovation will present new materials available on the market, processing guides and typical applications.
14:15 – 14:45	Coffee break (sponsored event)
14:45 – 15:30	Why using rotational moulding – seen from the end user perspective
15:30 – 16:00	UN testing of containers Seminar presented by Geir Morten Johansen (Nordisk Emballasje Testing)
16:00 – 16:30	PE foaming * Seminar presented by Ronny Ervik (Norner Innovation)
16:30 – 18:30	BREAK
18:30 – 20:30	Dinner (sponsored event)
DAY 2 – 30.01.2009	
09:30 – 10:50	Commercial presentations from member companies
10:50 – 11:20	Coffee break (sponsored event)
11:20 – 12:20	Commercial presentations from member companies
12:20 – 12:40	Nordic ARM presentation by Austin Campbell
12:40 – 13:00	Organizational issues related to Nordic ARM (and voting)
13:00	End of the meeting

* The subject of this seminar can be changed according to the will of participants. If you are interested in discussing other proposals, please send your suggestions at info@rotomoulding-europe.org by the end of December 2008.
